

## SAVE THE DATE

### Nature-based Cities: A Peer-Learning Workshop for Local Governments

*An Official Pre-Event of the European Urban Resilience Forum*

Monday, 24<sup>th</sup> June 2019 (12:00-18:00) | Bonn, Germany

The ICLEI European Secretariat and the NATURVATION project invite European local governments to join us for an afternoon of peer-exchange around nature-based solutions.

During this interactive workshop, you will have the opportunity to:

- Learn how to develop a portfolio of nature-based solution interventions.
- Learn how to navigate and shape innovation pathways for nature-based solutions
- Gather with 15+ European cities to exchange successful strategies.

The workshop is an official pre-event to the [European Urban Resilience Forum](#) on June 25<sup>th</sup>: a full day of discussion sessions & training workshops around nature-based solutions, multi-level governance for urban adaptation and resilience planning and implementation.

Limited travel funding to attend both events is available for up to 15 local government representatives and can be applied for once *registrations open on March 1<sup>st</sup>*.

Further details can be accessed [here](#)

## ABOUT THE PROJECT

NATURE-based URban innoVATION is a 4-year project involving 14 institutions across Europe in the fields of urban development, geography, innovation studies and economics. We are creating a step-change in how we understand and use nature-based solutions for sustainable urbanisation.

This project has been funded by the European Union's Horizon 2020 research and innovation programme under grant agreement No. 730243
