

NAVIGATING A SUSTAINABLE DIRECTION

URBAN NATURE – INNOVATION
PATHWAYS FOR NATURE-BASED
SOLUTIONS

 This project has been funded by the European Union's Horizon 2020 research and innovation programme under grant agreement No. 730243

**INNOVATION PATHWAYS FOR
NATURE-BASED SOLUTIONS ARE
JOURNEYS THAT INVOLVE KEY DRIVERS,
DECISION-MAKING JUNCTURES, AGENTS
AND OPPORTUNITIES WHICH CAN
COMBINE TO FACILITATE URBAN
SUSTAINABILITY TRANSITIONS**

 This project has been funded by the European Union's Horizon 2020 research and innovation programme under grant agreement No. 730243

Our work investigates the enabling conditions and driving forces for nature-based solutions in the context of urban sustainability transitions. We provide an entry point to explore and better understand innovation pathways for nature-based solutions in cities.
